Survios is thrilled to unveil its newest title: *Battlewake*, a rip-roaring, high-seas vehicular combat adventure developed exclusively for V-aRRRRRRR! And right now, you can wishlist *Battlewake* right here on Steam and [sign up for the upcoming Closed Beta](#)[www.battlewake.com] prior to its Summer 2019 release.

It's been the pirate's life for us over the past year as *Battlewake* dominated our development slate. Never content without a challenge, we wanted to tackle an entirely new genre for us—vehicular locomotion—and then, of course, we settled on high-seas combat like the masochistic nerds that we are. (Okay, so we may have also just wanted to make a pirate game, because—why not?!)

*Battlewake* transforms you into four fearsome, super-powered Pirate Lords locked in a constant struggle for dominion over the lush landscapes of New Urth. Each is a figure of myth and might, fiercely devoted to their plundering way of life and the riches it brings in both spirit and treasure. You'll find out more about each Pirate Lord's unique backstory and magics in future features!

In the heat of battle, along with captaining an upgradable ship stocked with weapons such as flak cannons, chain cannons, ballistae, mortars, and axe-throwers, you can also channel the Pirate Lords' ancient powers to stir up exhilarating and devastating chaos. Turn the tide in your favor with massive ultimates: unleash mighty tsunamis, send enemies' ships flying in maelstroms, destroy hulls with bone spikes, and literally release the Kraken.

*Battlewake* has several game modes to satisfy every kind of VR gamer. Navigate the epic 20-chapter story of the Pirate Lords' quest to discover an ancient seat of power in solo/co-op Campaign Mode, or work together to complete co-op objectives in dynamic Warfare Mode. Want to fully embrace the pirate's life? A plunderin' free-for-all PvP deathmatch is your heart's desire in Plunder Mode (along with the gold you'll loot from the ships you sink)!

Don't have your sea legs? Have no fear! Much like *Sprint Vector's* Fluid Locomotion and *CREED: Rise to Glory's* Phantom Melee, *Battlewake* is powered by our latest technology: the Immersive Vehicle System™. Designed to neutralize seasickness, IVS lets you experience your ship's every pitch, yaw, ram, and plunge upon the tumultuous waves without feeling like a landlubber.
